

THINK GREEN PROTECT NATURE

RAMADA[®]

BY WYNDHAM
IASI CITY CENTRE

1

We are recycling metal, paper and glass waste, electronic, household appliances and used oils.

2

In order to reduce the amount of detergents, we implemented the program "LINEN AND TOWELS REUSE".

3

We use low flow or sensor taps and toilet bowls.

4

The whole building is equipped with energy-saving light bulbs.

5

The detergents used in the laundry are eco friendly.

6

We use the central heating of the city, in order to reduce carbon emissions.

7

By using shampoo and shower gel dispensers, we removed the plastic packaging.
